

Badminton England Young Ambassadors – October 2018

Two young players from Lewes Junior Badminton club (Eloise Matthews and Nicole Wood) were successful in being selected from the many applicants over the South of England to represent Sussex Badminton on a two-day Young Ambassadors Conference at the National Badminton Centre in Milton Keynes.

Eloise and Nicole spent two days working with other young leaders from different counties developing their organisational and leadership skills. They learnt to lead group sessions and organise tournaments. Their teamwork and co-operation were also tested during an 'escape room' exercise.

They are now hoping for a return visit to the National Badminton Centre but in the meantime, are looking forward to putting their new-found skills into action before their next step of embarking on their Level 1 coaching qualification.

Many congratulations to both
